

Rossbrook House

2016-2017 Annual Report

"No child who does not want to be alone should ever have to be" -Sister Geraldine MacNamara

Executive Director's Report 2016-17

It is amazing to me that a year has passed so quickly. Here we are gearing up for summer programs and activities in the now familiar cycles at Rossbrook House. Predictability is one of our strengths.

Children and youth know the doors are always open and familiar faces are here to greet them. Sister MacNamara would be proud to see stability, one of the first objectives of Rossbrook House, alive and well today. Children and youth have a safe place to belong. They can rely on programs and activities being there for them.

Leslie Galloway, the Rossbrook Board President, mentions an environmental scan in her report. The findings of the scan confirmed that there are a greater percentage of children in the area Rossbrook serves than in all other areas of the city. Many are from families struggling under the poverty line and facing two times greater socio-economic health risks than average Winnipeggers. They have much less stable housing. Indigenous youth in our area have two times greater probability of not completing high school.

These statistics are informative and help guide activities and investments needed to address them. However, it is not the way a child is viewed walking through the doors of Rossbrook House. A child like Kaitlin or Breanne, Curtis or Alex, are brimming with potential, looking healthy and happy as they eat their after school meal together before the Learning Always

program starts. They support one another; build trusting relationships with staff and dream of what they will be when they grow up. Most importantly they enjoy learning. They are embracing education.

Another finding in the environmental scan was the increasing numbers of Newcomers in the community. Although Rossbrook's participants are still mainly of Indigenous heritage we have reached out to the Newcomers in our community through shared events with our good friends at IRCOM, the Immigrant Refugee Community Organization of Manitoba.

A wonderful highlight of our relationship with the Newcomer community was a response initiated by Rossbrook board member, Brenda Hasiuk, to the tragic shooting in a Quebec Mosque. After a period of grieving, Rossbrook invited a bus load of children living at IRCOM House to join the Rossbrook kids in an evening of winter fun at FortWhyte Alive. The event was called *Cold City Warm Hearts* and attracted good media coverage that focused on the solidarity within each other's communities. Indeed, IRCOM and many other Newcomer groups have been at the forefront of building a new relationship with Indigenous peoples guided by the Truth and Reconciliation Commission's calls to action.

The fundamental strength of Rossbrook House is relationships. Relationships with children, youth and staff while interacting on a daily basis. Relationships with networks of agencies and groups working on issues related to health, education, child exploitation, youth homelessness, poverty and social justice. Relationships built with the generous groups and individuals who support this work through their donations and time.

All these relationships keep children at the centre of the circle so that *no child who does not want to be alone, should ever have to be.*

Phil Chiappetta
Phil Chiappetta

President's Report

The Board of Directors and I are humbled and honored to have the opportunity to work with the children, youth and families who come to Rossbrook House. We continue to work to support Sister Geraldine MacNamara's vision; "No child who does not want to be alone should ever have to be".

2016-17 has been another busy year for our dedicated staff, volunteers and the Board of Directors. As a Board we continue to work on our strategic plan. An environmental scan has been completed with the support of the Social Planning Council. We continue to work on strengthening our partnerships within the community. We are excited to see the children participate in the Learning Always Program. The enthusiasm of the children who participate in this program is inspiring. We celebrated our 35th Pow Wow on May 18. It was great fun for all who participated.

As always we are grateful for the generous support of our many funders. These include individuals, organizations, businesses, labour groups, church groups, sports groups and our three sustaining funders the City of Winnipeg, the Province of Manitoba and the United Way.

Thank you.

Leslie Galloway
